Essential parts of northern Vietnam

Great trip. Don't feel daunted by the bike ride, it's broken into manageable chunks and was one of the best chances to see amazing scenery. Great trip for those that want to experience nature, meet people, and keep busy. Long bus rides between places was the only drawback.

Suitable for younger travelers

I really enjoyed this trip. It was great to get out of the big cities and into the rural areas among the terraces. There were some great walks and it had a really local feel with few other tourists. Food is a bit limited though so be warned - especially if you are on a special diet.
